### Jose Zijlmans

Let me introduce myself: My name is José Zijlmans. I live with my partner and our youngest daughter near the German border in Holland. I fell in love with Lhasas a long time ago and bred my first litter in 1982. I bred quite a few Champions and had some leading studmales at that time, you can still find behind most Lhasas today's. Since 1991 I'm allowed to judge Lhasas and I am proud I've been able to judge some very important shows, under which 2 World Dog Shows. It's a privilege to judge the TDE-show and wish everyone a very nice day.
